SUBJECT: Grant Inflation and General Project Review
Tony,
I've just read Peter Lee's note to you and it sounds very interesting, although I was more than a little suprised that inflation (and a hint of a positve result) have taken his request from 5000 pounds to 23000 pounds]
Would it be possible for us to get together this coming week, May 11, to review the current status of S&T operating and proposed projects?
Regards,
Peter.
